Açelya LEJEUNE

Senior Digital Designer & Frontend Developer

Senior designer with a strong background in graphic design, visual communication and web design, now combining design experience with frontend development skills. I have worked across Turkey, Northern Cyprus, the UK and Belgium, developing a solid eye for layout, typography, branding, visual hierarchy and responsive digital interfaces.

In 2025, I completed a two-year Frontend Developer programme at IFAPME in Liège, Belgium. My strongest areas are SCSS, responsive design, UI integration, Git/GitHub workflows, CMS-based web projects and visual design. I am looking for a role where I can contribute as a design-focused frontend profile, bridging creative design and practical implementation.

Skills

Frontend & Development	CMS, Database & Build Tools	Design & UI Tools	Version Control & Workflow
HTML5	MySQL	Figma	Git
CSS3	Silverstripe	Adobe XD	GitHub
SCSS / Sass	CMS	Adobe Photoshop	GitHub Desktop
JavaScript	Node.js	Adobe Illustrator	SourceTree
TypeScript	npm	Adobe InDesign	gitg
Angular	Webpack	Responsive Design	
PHP		UI Design
